DETAILED ACTION

1. Claims 1-2, 4-12, 14-22, and 24-30 have been presented for examination.

Claims 3, 13, and 23 have been cancelled.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: claims 1-2, 4-12, 14-22, and 24-30 are considered allowable since when reading the claims in light of the specification, none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims, specifically:

The recitation with respect to claims 1, 11, and 21 of test scenario controlling messages communicated via shared data memory independent of the advancement of simulated time. See page 7 of the specification of the instant application.

The claims are rendered statutory since they recite an apparatus as hardware in claim 1, a hardware simulator which represents a machine which carries out the method of claim 11, and a computer program product embodied on computer readable medium executed by a processor for claim 21. See Figure 6 and the specification of the instant application at pages 9-10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
